### Custom built, haute hydration.

Custom built to order by hand, the E7 offers a refined tap-style dispense system, poised elegantly above a unique Corian® top with integrated drip tray and antimicrobial touch panel. Illuminated SensorBeam projection control provides a futuristic and hygienic touchless dispense experience, whilst our exclusive ProCore® system delivers energy-efficient, powerful performance with advanced energy-saving EcoMode. The E7 stands as an effortlessly luxurious free-standing water dispenser for discerning environments.

### Environmentally conscious design.

Designed and built in the UK, the E7 is powered by our exclusive, compact ProCore® system with discrete ventilation and advanced modularity. Utilising an intelligent and energy-efficient EcoBoil hot water system, with our unique DryChill® airless, rapid cooling technology, eco-refrigerant gas and recyclable components, the E7 delivers the ultimate in sustainability, hygiene and performance.

### Confidently clean water.

Totality® is our 5-step methodology to achieving pure, healthier, premium water. Providing hygiene assurance in every pour, Totality® reduces sediment, odours, chlorine and microplastics, for freshly-filtered water that is safe to drink and tastes clean and crisp.

For complete peace of mind, select Viovandt® enhanced UV-C purification. The ultraviolet LED technology provides eco-friendly, chemical-free sterilisation to reduce bacteria and viruses.

### Bottleless water for discerning environment.

Designed for discerning environments, the E7's elegant aesthetics matches the contemporary haute of the modern boardroom to luxury retail and includes a hard wearing and easy-to-clean Fynil® finish, complete with antimicrobial protection, for complete hygiene confidence in communal areas. Featuring unique SensorBeam™ touchless technology, the E7's illuminated projections allow for users to pour a glass of freshly-filtered water with beautiful simplicity, providing effortlessly elegant hydration.
